

## How do I get a rail for the bathroom?

For aids and adaptations to make your house more manageable for someone with mobility difficulties it is sensible to ask for an Occupational Therapy assessment from Community and Adult Care (Social Services) so that you can have expert advice about what is best and safest for you. Ring the Adult Helpdesk on 01452 426868 or the Children and Families Helpdesk on 01452 426565.

You may have to wait a while for an assessment, so if your need is urgent and you are sure that it is only rails that you need, then you can sometimes go through the "fast track" rail service. Ask for the fast track service when you ring the Helpdesk.
